

An aerial photograph of the deck of the aircraft carrier ALEMIA (Italcraft 105). The deck is dark and highly reflective, showing clear ripples and reflections of the sky and surrounding environment. In the center, a large, complex structure, likely a catapult or launch system, is visible, featuring a central vertical shaft and two large, angled, trapezoidal sections. A chain hangs from the left side of this structure. Two small, oval-shaped portholes are visible on the upper part of the deck. The overall scene is captured in a high-contrast, blue-tinted light, emphasizing the metallic textures and geometric forms of the ship's deck.
